Moonlight Bowling features a 3 colored pin set! See "Pin settings diagram payouts" on back for \$\$\$ amounts to be won! Come out for a night of fun and possibly go home with a lot of cash in your wallet! Many different ways to win cash!

JACKPOTS: (during 2nd game)

1. BLACK RACK— All lights out and black pins set up. Must strike to win and if no strike is shot you will receive \$1 per pin knocked down. This will be a progressive pot maxed at \$500.00
2. Moonlight Doubler— Must strike in BOTH lanes either to the adjacent pair on the right or the left of your current lanes. This will be a progressive pot maxed at \$500.00
3. 9 down and win— Bowl across 6 lanes and get 9pins on each. If you succeed you can keep your winnings or take a chance for an extra \$100 and bowl again to get a strike. This will be a progressive pot maxed at \$500.00
4. Mystery Pot Game— A random number will be chosen and if you have the matching score you will win the progressive pot.
